kummyung printing corp.

FOR OVER THREE DECADES, KUMMYUNG PRINTING CORP. HAS GROWN ALONGSIDE KOREA'S PRINTING INDUSTRY, BUILDING ITS FOUNDATION THROUGH LARGE-SCALE OFFSET PRINTING EQUIPMENT AND AN IN-HOUSE QUALITY CONTROL SYSTEM. MORE THAN EXPANDING PRODUCTION CAPACITY, THESE INVESTMENTS REFLECT KUMMYUNG'S COMMITMENT TO PRECISION AS ITS CORE VALUE. BY MANAGING DESIGN, PREPRESS, PRINTING, AND POST-PROCESSING AS ONE INTEGRATED WORKFLOW, THE COMPANY HAS PURSUED A HIGHER STANDARD OF EXCELLENCE IN PRINT CULTURE.

ITS PRODUCTION LINE IS DESIGNED TO CREATE HIGHLY REFINED RESULTS WITH CONSISTENCY AND ACCURACY. ISO-BASED QUALITY MANAGEMENT, G7 COLOR CONTROL, AND QUALITY-FOCUSED INFRASTRUCTURE ENABLE STABLE REPRODUCTION AND PRECISE COLOR EXPRESSION ACROSS BRAND PACKAGING AND COMMERCIAL PRINTED MATERIALS. THROUGH LONG-STANDING EXPERIENCE AND A SYSTEMATIC PRODUCTION SYSTEM, KUMMYUNG CONTINUES TO ACCUMULATE THE SUBTLE ADJUSTMENTS THAT DEFINE TRULY RELIABLE PRINTING.

Leadership Message

When the truest color meets the most devoted time

Flowery embellishments do not pass through our printing presses. What we leave on paper is only a result you can trust. Since our founding, Kummyung Printing Corp. has never relied on chance. Guided by the unchanging principles of diligence and integrity, we have continued to deliver the highest standards of print quality.

Integrity: Uncompromising Standards, Quality Proven by Data

Printing is an honest process that allows no 0.1 mm deviation and no 1% change in halftone dots. We verify color under controlled standard lighting, follow optimized CTP data with precision, and refine every detail through delicate dampening control. Even across tens of thousands of prints, the first sheet and the last must carry the same color. That is true integrity.

Diligence: Responsibility Around the Clock

Before a book reaches its reader, dedication begins at the press. World-class Heidelberg offset presses run up to 20 hours a day, while skilled press operators monitor every detail on the production floor. Through meticulous maintenance and day-and-night process control, we keep every promise to our clients. This is our diligence.

Trust that brings your sincerity to life

The reason so many leading clients have trusted us and chosen us as their long-term partner is simple. Through our process and results, we prove that there is no room for falsehood on paper. With honest technology built on the fundamentals and dedicated people behind every step, When your valuable knowledge and content meet the world, Kummyeong Munhwa Co., Ltd. will help their value stand out with clarity.

CEO, Kummyung Printing Corp.

MYEONGSIK KIM

Scope

Business Areas

01

RELIABLE QUALITY FOR LARGE-SCALE PUBLISHING

With high-performance Heidelberg offset printing equipment, Kummyung Printing Corp. operates a production infrastructure capable of handling up to 800,000 sheets per day. From the first sheet to the last, we maintain consistent quality while managing the delivery schedules of major publishers and educational institutions with precision.

02

PREMIUM DETAIL PRINTING & POST-PROCESSING SYSTEM

Through precise data control and a rigorous verification system, we reproduce each brand's colors faithfully on paper. From magazines and catalogs to premium packaging, refined printing and post-processing ensure a high-quality finish across every product.

03

INTEGRATED LOGISTICS & STORAGE CENTER

From production and packaging to storage and shipment, our one-stop system provides reliable, integrated management. Large-volume printed materials can be stored in our in-house logistics center and shipped accurately according to schedule, with inventory and logistics lists managed together.

KUMMYUNG LOGISTICS CENTER, 106-26 SORAJI-RO, PAJU-SI, GYEONGGI-DO, REPUBLIC OF KOREA

Scope

Printing Products

01 TEXTBOOKS & BOOKS

Even when producing tens of thousands of textbooks, we maintain consistent color quality from the first page to the last. With comfortable paper recommendations suited for long reading sessions and durable binding technology that prevents pages from falling out easily, we provide an optimal reading and learning environment.

02 CATALOGS & BROCHURES

To express a brand's value, we deliver ultra-precise printing that captures even the finest texture of each product. By combining premium paper selections optimized for the target audience with refined post-processing, we create premium promotional materials that give viewers a deep sense of trust.

03 PREMIUM PACKAGING

By fully understanding and controlling complex layouts and the physical properties of paper, we combine demanding color management with delicate special finishing to produce stable, high-end packaging that captures consumer attention.

04 MAGAZINES & PERIODICALS

Because both vivid photographic color and text readability must be achieved at the same time, this requires a high level of technical precision. With subtle ink distribution control, we reproduce the mood of the original image vividly while strictly maintaining publication schedules.

05 BRAND GOODS & CALENDARS

We produce VIP materials such as calendars and diaries that communicate a company's identity throughout the year. With stable print quality and a durable finish that maintains its form across seasons, they can be used for an extended period.
